Stathis Potamitis, Potamitisvakris, Greece
Nicolaes Tollenaar, RESOR N.V., The Netherlands
Farrington Yates, Sonnenschein Nath & Rosenthal LLP, USA

The Global Insolvency Practice Course is the pre-eminent advanced educational qualification focusing on international insolvency.

With the fast growing number of cross-border insolvency cases and the adoption in many jurisdictions of international insolvency rules and provisions, the turnaround and insolvency profession faces increasing challenges in the current economic environment. The current outlook demonstrates that the practitioners of tomorrow need to have extensive knowledge of the transnational and international aspects of legal and financial problems of businesses in distress.

The format of the fellowship programme is intensive, carried out over three modules. The first module was held in London from the 23-25 October 2009 at University College London. The second module took place in Dubai from the 19-21 February 2010, prior to the INSOL annual conference. The last module involved the students utilizing web enabled technology which included a virtual court and undertaking real time negotiations for a restructuring plan involving multiple jurisdictions. The platform for this module was made available through the generous support of the University of British Columbia, Vancouver, Canada. A number of senior judges from around the world took part in Module C in order for the participants to gain experience of court to court situations. The judges included The Hon. Robert Drain, US Bankruptcy Judge, Southern District of New York; The Hon. Sir David Richards, Justice of the High Court, Chancery Division, Royal Courts of Justice, London; The Hon. Justice David Tysoe, Justice of the British Columbia Court of Appeal, Vancouver, Canada; The Hon. Judge Jean-Luc Vallens, Magistrat, Cour Commerciale, Strasbourg, France; The Hon. Justice Rajiv Shakhder, High Court of Delhi, India; The Hon. James Farley, retired, Ontario Superior Court of Justice (Commercial List), Toronto, Canada.

Admission to the course is limited to a maximum of 20 candidates each year. This ensures academic excellence and the opportunity for good personal contact between students and faculty. Potential candidates must already hold a degree or equivalent to be considered for this programme and must have a minimum of 5 years experience in the field. Participants represent the different jurisdictions of the World.

Testimonials

Mahesh Uttamchandani, Global Product Leader, Insolvency, Investment Climate Advisory Services, World Bank Group

"The fellowship programme is a very rewarding investment towards a successful career, both through helping the development of professional skills and through fostering a greater understanding of different jurisdictions' cultures and systems."

Professor Ian Fletcher of University College London, a member of the Core Committee responsible for planning the programme:

"Designed and taught by an international Faculty of highly distinguished experts, the INSOL Fellowship Programme offers a unique learning experience. It answers a long-felt demand for a benchmark qualification to identify those practitioners who are in the front rank of transnational insolvency practice in today's challenging global market place."

Sumant Batra, President of INSOL:

"In this current period of global economic crisis, with continuing constraints on capital availability, it is even more important for those involved in assisting both corporates and lenders to have a strong understanding of the differences in approaches to restructuring and insolvency that are likely to be encountered in resolving multinational organizations. This course, drawing on leading lecturers from around the world, brings together both the financial and legal aspects that must be understood in tackling such cases".

Farrington Yates, Sonnenschein Nath & Rosenthal LLP, Fellow, INSOL International

"The program exceeded my expectations for level of instruction, content, and the commitment of my fellow participants. It has been a pleasure to be part of this class"

Stathis Potamitis, Potamitisvakris, Fellow, INSOL International

“I found the course remarkably rewarding and interesting and the final module was perhaps the richest part of the course, overall. I consider myself fortunate to have had the opportunity to participate. I also found my fellow fellows a wonderful group, knowledgeable, friendly and energetic. The Faculty was obviously excellent, as were the judges. Overall, this course seems far better than other offerings I have come across.”

Justin Cadman, McLaren Knight, Fellow, INSOL International

“The whole course was professionally run and administrated from start to finish. INSOL International should be very proud of the course facilitators, support staff and lecturers – it was their drive and commitment to the course that I think makes it such an informative yet pleasurable learning experience. Keep up the great work – I will be recommending the course when ever I can.”
